

NRF Free-standing Masters and Doctoral Scholarships Call for 2014

1. Background

The NRF is mandated by an Act of Parliament, the National Research Foundation Act (Act No. 23 of 1998) to support and promote research through funding, human capacity development and the provision of the necessary research facilities, in order to facilitate the creation of knowledge, innovation and development in all fields of science and technology, including indigenous knowledge. Funding from the core parliamentary grant has been made available to support masters and doctoral candidates for the 2014 academic year.

2. Objectives

The programme supports full-time students at South African public higher education institutions (HEI's), science councils and national research facilities. A small number of scholarships are also made available to South African students who wish to pursue their doctoral studies on a full-time basis at recognised universities abroad.

The objectives of the NRF Freestanding programme are to:

- Contribute towards the increase in the number and quality of South African postgraduate students at masters and doctoral levels in South Africa
- Enable South African doctoral students to pursue research study opportunities at international universities.

3. Areas of Support

The scholarship is intended to support masters and doctoral candidates who would like to pursue research studies in all areas of Science, Engineering and Technology (SET) and in Social Sciences and Humanities, at public research institutions in South Africa. A small number of scholarships are made available to students pursuing doctoral studies abroad. The percentage of supported students will be 80% from the Science, Engineering and Technology disciplines and 20 % Social Sciences and Humanities.

4. Value of the scholarship

For the 2014 academic year, the value of the scholarships are set as follows:

Master's Scholarships	R 40 000 p. a
Doctoral Scholarships	R 60 000 p.a
Doctoral Scholarships Abroad	US \$ 12 000 p.a

Successful candidates may apply for a once- off travel grant up to a maximum amount of R 5000. This grant may be used the cover research related travel costs; such as conference/ workshop attendance or visit to a laboratory during the funding period.
