

UNIVERSITY of the
WESTERN CAPE

Faculty of Natural Sciences

Department of Biodiversity and Conservation Biology Lecturer

Minimum criteria include: a Ph.D. or in the process of submitting/completing a Ph.D. in an appropriate discipline with a track record of appropriate research outputs. Applicants with additional post-doctoral work experience, postgraduate student supervision and the generation of research grants will be advantaged.

The appointee will be expected to: teach at both the undergraduate and Honours level • conduct research in plant ecology, preferably in the area of riparian or wetland vegetation • supervise postgraduate students in the aforementioned fields • assume departmental administrative responsibilities commensurate with the position • successfully teach large classes of students from educationally disadvantaged backgrounds.

For further information (but not applications) about this position, please consult our website (<http://www.bcb.uwc.ac.za>) or contact Prof Mark Gibbons on +27 21 959 2301/2475 or mjibbons@uwc.ac.za

Commencement of duties: 1 August 2015

Closing date: 4 May 2015

To view the comprehensive advertisement and the application procedure, please visit the Vacancy section on our website at www.uwc.ac.za or contact Ms Bongjiwe Mbeki via e-mail to bmbeki@uwc.ac.za or call +27 21 959 9763 for assistance.

In line with the University's commitment to diversifying its workforce, applications from designated groups will be given priority consideration. The University reserves the right not to make an appointment or to make an appointment at a lower level. We will communicate with shortlisted candidates only.

A place of quality,
a place to grow, from hope
to action through knowledge
