

## JOB VACANCY

### ENVIRONMENTAL IMPACT MANAGEMENT SERVICES (PTY) LTD

#### ENVIRONMENTAL SCIENTIST

An exciting opportunity has arisen for an environmental scientist to join Environmental Impact Management Services' (EIMS) growing team of environmental professionals. The position will be based in Johannesburg, Gauteng Province, South Africa. The EIMS team has an established workload, high standards, and excellent reputation.

**Responsibilities:** Effective management of, and responsibility for, a broad range of environmental consulting deliverables of various sizes and complexity (including EIA's, EMP's, and compliance monitoring and reporting), related inputs into fee proposals, technical report writing and reviewing, tracking of project costs and providing support to junior team members on projects. The successful candidate will also be expected to manage and nurture client relationships and assist in the identification and development of business opportunities and marketing strategies.

**Specific Minimum Requirements:** Appropriate tertiary qualification (B.Sc Hons or M.Sc) in environmental management or environmental sciences; knowledge of the Environmental Impact Assessment (EIA) process and associated legislative requirements. Excellent communication and report writing skills; Excellent working knowledge of MS Office suite of programs; Excellent written and verbal capability of English; Valid Drivers Licence.

**Preferential Criteria:** Experience in environmental consulting, or specialist services would be highly beneficial. Written and verbal capability of additional indigenous language/s- specifically IsiXhosa. Membership/ accreditation with a relevant professional institution (e.g. SAATCA; SACNASP) would be advantageous.

All interested applicants must submit their detailed CV's and contact details by E-mail to Liam Whitlow: [liam@eims.co.za](mailto:liam@eims.co.za) by no later than 14 August 2015.

The successful applicants will enjoy a highly competitive market related salary and benefit from great training and development, with support to achieve your professional development goals.

*Leaders in Environmental Management*
